Additional Information

Please note that when ordering the basin in a 2TH option it will be supplied with a small chain stay hole for the plug and chain. The overflow is to solve the issue of a dripping tap if the plug is left in. It is not designed to take a flowing tap. The 2 legs are held securely in place by 2 floor mounted nipples. To order the correct tap hole configuration simply use 1TH or 2TH at the end of the basin product code. To raise the height of the wash stand by 6cm use the additional item T62. The basin can be wall mounted with no pedestal or wash stand. Not suitable for use on furniture.

Compliance / Approvals
