# Our Story

**In 1950, we started a family business. Our special blend of (relatively) youthful exuberance and (relatively) sensible experience has ensured the company has flourished. We've outlived walk shorts, survived stubbies, prevailed over Polaroids and taken up new technology.**

From an era when one-bathroom houses were the norm, Bath Co (previously Smail & Co) has maintained its position at the leading edge of the bathroom industry.

Over the decades, innovation has seen us adapt, and just like our customers' needs and wants, we'll continue to evolve.

When it comes to the manufacture and importation of bathroom products, we know our stuff. Our VCBC collection is made here in New Zealand, using the latest technology to produce pieces of flawless quality, finish and durability.

We create contemporary pieces that remain timeless and which suit a wide range of personalities and budgets. Most of the ceramics and accessories that complement our collection are sourced from design houses in China – where leading design is matched by unrivalled standards of craftsmanship and quality.

With showrooms in Auckland and Christchurch, robust inter-island (and inter-generational) input provides you with a stunning range that'll look great, suit your lifestyle and last at least as long as the company has.

Here's to the future of a committed New Zealand company, and here's to the next generation of family involvement.

Enjoy browsing our Smart Collection and don't hesitate to contact us. We'd love to talk to you.

Bath Co Managing Director – Mike Smail

### Durability/

We use a high-performance modern acrylic for all our acrylic bench tops to ensure a hard but smooth finish that is water, heat and stain-resistant. Its durable, non-porous surface makes it easy to maintain and very hygienic.

### Superior Paint Finish/

The VCBC flawless cabinetry finish is achieved through our high-tech paint layering process, where every panel is painted and heated at least five times. Five times harder than lacquer-painted surfaces, it is the only process of its kind in Australasia and comes with a five-year warranty.

### Colour Range/

Our contemporary colour range, regularly reviewed to keep ahead of the latest aesthetics in interior design, ensures you have the perfect options to create a range of looks.

### Smooth Touch/

Experience the quality and finish of VCBC products in person. We invite you to visit one of our showrooms to discover our range for yourself.

### Water Efficiency/

Bath Co tapware, showers & toilets are all Wells rated which mean they have been designed & manufactured to save water and yet maintain optimal performance.

### Environmental Choice/

Bath Co make an ongoing commitment to the New Zealand environment, and follow best practice in all aspects of design and production. Purchasing from our VCBC range mean you own a quality product, one where the environment came first at every stage of the manufacturing process.

### Sustainably Sourced/

We are committed to reduce our environmental footprint and working proactively with industry and regulatory bodies to respond to sustainability issues. Bath Co source and manufacture using quality materials that are derived with sustainability in mind.

### Quality Guaranteed/

At Bath Co, we proudly stand behind the quality of our products and your satisfaction is our priority. Our belief in only using quality materials and workmanship is proudly backed by our residential and commercial warranties.

### Made in New Zealand/

Bath Co has remained committed to New Zealand, continuing to manufacture in this country. Our manufacturing and distribution centres located in Auckland and Christchurch allow us to easily supply to a range of clients across the length of New Zealand.

# Choosing the Right Vanity

**We know choosing a vanity can seem tricky, but here are some tips to help you make the decision easier.**

## **WALL-HUNG OR FLOOR UNIT?**

The size of your bathroom and how many people will be using it will affect your decision. How much storage do you require? Guest bathrooms usually don't require a great deal of storage space, and a family bathroom will benefit from having lots of cupboards and drawers..

## **SINGLE OR DOUBLE BOWL?**

Consider the amount of space you want on the vanity top, the size of your bathroom and who will be using it, to determine whether you want one or two basins.

## **WHICH STYLE?**

When thinking of style, keep in mind the style of your home and your personality. We have great finish options available - a special white painted finish or stunning timber effect melamine.

## **POLYMARBLE, CHINA OR KORDURA?**

Polymer is a durable, solid and attractive product. Our polymer tops are Paris, Splash and Fit.

China tops are composed of ceramic materials fired at a high temperature. China sinks are susceptible to damage from heavy impact. Due to the firing process – china shrinks up to 10% and every top is unique and will have small flaws including slight warping. Our china tops are Cangas, English Classic, Soft, Sharp, Milos, Zara, Synergy, Ice and Space.

Our Kordura solid surface tops are extremely durable, and easy to maintain. It is water, heat and stain resistant. The nonporous surface makes it very hygienic for commercial and domestic applications. Solid Kordura tops are available in White, Carrara Marble, Ice Crystal, Peak Stone, Black Granite and Ariston. All tops are supplied in a matte finish.

## **HOW TO GUIDE**

**Choose a cabinet, pick a finish and complete the look with handles.**

# Vanity Sizes

You might have an idea of the space you are working to. Our vanity size matrix lets you see at a glance the options available in each of our styles.

**SDB** Compatible with single & double basins

**DB** Compatible with double basin only

# Our Finishes

We know choosing the right vanity can seem tricky, but here are some things to think about and some tips to help make the decision easier.

# ClearStone Baths

## Form Clearstone

The internal space of this bath is bigger than most full-size regular baths, thanks to its narrow rim.

**ClearStone baths are handmade and hand polished out of a sedimentary stone composite with Gibbsite mineral filler. Featuring thinner, more delicate edges, and finished in a high gloss, brilliant white colour, ClearStone baths are engineered to last a lifetime.**

## Form Grandé ▲

**325.A.21128**

L1690 x H570 x W800

Weight: 84kg

Water Capacity: 347L\*

Displaced Capacity: 277L\*\*

Includes waste.

## Form Petite ▲

**325.A.21127**

L1500 x H570 x W800

Weight: 67kg

Water Capacity: 288L\*

Displaced Capacity: 218L\*\*

Includes waste.

\*Volume of water contained in the bath if filled to the overflow. \*\*Volume of water contained in the bath if filled to the overflow, less 70 litres to allow for an average-sized person in the bath.

All measurements are represented in mm.

## Patinato Grandé ▶

## INSTALLATION TIPS

---

- All products must be inspected before installation. Smail & Co is not liable for removal and installation costs.**
- ALWAYS see accompanying installation notes before installing.
- Any wall to which a product is fixed must be of suitable construction to support that product's weight.
- To assist with future maintenance, it is strongly recommended that furniture and ceramics be fitted to a tiled surface (rather than butting tiles against an item).
- The glaze used on VCBC's ceramic products is tough and non-porous. However, it must not be put under undue stress which may cause crazing or other damage:
  - ~ Do not over-tighten the waste – hand-tighten only with the correct sealant and contoured waste
  - ~ Do not over-tighten tapware during installation
  - ~ Water temperature should not exceed 55°C
  - ~ Do not drop anything onto a glazed surface.
- We recommend all showers and shower trays be installed by an authorised installer.
- To avoid damage, tapware and showers MUST have the appropriate in-line filters, and water pressure should not be no more than 500kPA.
- To avoid deterioration, it is important that mirrors are kept dry of any moisture, especially along edges. (Refer to instructions for the appropriate cleaning method.)
- Cleaning products are to be used as per instructions. Use a moist soft cloth, micro fibre cloth or a diluted mild detergent. Never use products containing acids, bleach or caustic soda. Never use cleaners of a gritty, abrasive nature.
- Ceramic products are fired in a kiln, then cooled – a process which causes shrinking. Therefore, items may not be perfectly square or flat. Each product is checked to ensure it meets strict tolerances before dispatch.
- Toilet must be fitted to 100mm soil pipe.

## PRICING

---

Price quoted in our price list are for white only or Timber effect Melamine finish. Note: some colour may vary from samples.

## TAP HOLE

---

All tops and basins are quoted with one tap hole. Please ask for pricing on other configurations.

## DELIVERY

---

We aim to despatch all standard orders within five days of receipt of the order. Imported products, non-stock items, timber finishes, paint colours, and other non-standard items may take longer to manufacture, therefore despatch & delivery dates are subject to completion.

## FREIGHT

---

Freight will be charged for orders under \$400.

## DISCLAIMER

---

Smail & Co retain the right to change products and specifications without notice. All measurements are in millimetres and are nominal only. We will not give a full refund if you change your mind. Restocking and freight costs will be applicable. All made-to-order products are non-returnable. If the goods are faulty, however, we will meet our obligations under the Consumer Guarantees Act. Smail & Co can not guarantee colour accuracy of finishes and products represented in our catalogues, website & other marketing material. Best & most accurate representation is viewing samples from our showroom or retailers of our products.

## WARRANTY

---

### General Warranty Statement

Smail & Company Limited (Smail & Co) warrants that in the manufacture of its Bath Co products only high quality workmanship and materials have been used. The following warranty applies to Smail & Co products supplied to customers in New Zealand, for use in residential installations only.

Subject to the warranty conditions, in addition to any other right or remedy that the purchaser may have under any relevant consumer protection legislation, Smail & Co undertakes to either **repair or replace** (at its discretion) any Bath Co product if that product contains a **material defect** with either **materials or workmanship** which arose in the **course of manufacture**.

### Residential Warranty

- In relation to the following products bathroom vanities, basins, tops, baths, toilets, showers, tap wares a 5 year warranty applies from date of purchase.
- In relation to the following products shower hoses, shower heads, cartridges, mirrors, cistern fittings, wastes, toilet seats, electrical, face plates, washers, valves and shower seals a 1 year warranty applies from date of purchase.
- In relation to the following products in-wall cisterns (excluding items listed above) a 15 year warranty applies from date of purchase.

### Commercial Warranty

In relation to any Smail & Co products installed in a commercial situation a 12 month warranty applies from the date of purchase. Commercial situations are defined as public wash rooms, public buildings, schools, sports centres, gymnasium, hospitals, motels, hotels and retirement villages.

### Warranty Conditions

Smail & Co's domestic/residential warranty and commercial warranty is subject to the following conditions:

- Proof of purchase (such as invoice or receipt) must be provided by the initial purchaser. This warranty is not transferable.
- All Smail & Co installation instructions must have been strictly followed and the product must have been installed in accordance with the relevant New Zealand Building/Plumbing Codes by a certified building or plumbing practitioner (as appropriate for the product).
- The product must not have been subject to excessive wear and tear. The warranty only covers normal use and typical wear and tear.
- The product must not have been tampered with or repaired in any way other than in accordance with this warranty.
- The product must not have been damaged by misuse, accident or neglect, including water damage, sunlight, excessive water temperature, humidity, direct lighting or other adverse environmental conditions.
- Harsh detergents or abrasive cleaners must not have been used on the product and the product must be cleaned in accordance with the recommended cleaning methods.
- All warranty covered repair work is to be performed by Smail & Co but Smail & Co shall not be responsible for the cost of removal or installation of the product.
- Smail & Co shall make the final determination on any issue or uncertainty regarding the application of this warranty.
- If you acquired the Smail & Co product in trade (or some other exception exists under the Consumer Guarantees Act 1993 (the Act) then the Act shall not apply.

**If the above conditions are not met, the warranty will be null and void.**

Smail & Co shall not be liable to the purchaser for any loss, damage (direct, indirect or consequential), cost or expense incurred by the purchaser (including, without limitation, any damage to other products and/or labour costs incurred in the installation, repair or replacement of the product) other than in accordance with the above warranty, under any relevant consumer protection legislation or as consented in writing by Smail & Co in advance of the cost being incurred.
