DESIGNED & MANUFACTURED IN NEW ZEALAND

Why Choose Bath Co

Made in New Zealand/

Bath Co has remained committed to New Zealand, continuing to manufacture in this country. Our manufacturing and distribution centres located in Auckland and Christchurch allow us to easily supply to a range of clients across the length of New Zealand.

Custom Colour/

Create your own unique and stylish bathroom with our Custom Colour Service. Our furniture ranges offers our Custom Colour Paint service in a select range of products.

Quality Guaranteed/

At Bath Co, we proudly stand behind the quality of our products and your satisfaction is our priority. Our belief in only using quality materials and workmanship is proudly backed by our residential and commercial warranties.

Environmental Choice/

Bath Co has made an ongoing commitment to the New Zealand environment, to follow best practice in all aspects of design and production. Purchasing from our ranges means you own a quality product, one where the environment came first at every stage of the manufacturing process.

Finishes/

Our quality range of Timber Veneer and Melamine finishes are regularly reviewed, ensuring you have the perfect options to create a range of looks.

Sustainably Sourced/

We are committed to reducing our environmental footprint and work proactively with industry and regulatory bodies to respond to sustainability issues. Bath Co source and manufacture using quality materials that are derived with sustainability in mind.

Superior Paint Finish/

Bath Co's flawless cabinetry finish is achieved through our high-tech polyurethane paint layering process, where every panel is painted and heated at least five times. This process creates our signature, hard paint finish, making our furniture highly durable and smooth, backed with a five-year warranty.

Experience Our Ranges/

Experience our selection of Bath Co products in person. We invite you to visit one of our showrooms to discover our range for yourself.

Our Commitment

At Bath Co, our commitment to sustainability is deeply rooted in our extensive history as pioneers in New Zealand bathroom furniture manufacturing. Just as we have played a vital role in shaping our nation's homes over the years, we recognise the responsibility to safeguard the environment for future generations. Our sustainability statement reflects our dedication to weaving eco-conscious practices into every facet of our operations, ensuring that the quality and sophistication we bring to New Zealand bathrooms today contributes positively to the well-being of our planet tomorrow.

Our Story

In 1950, a time when single-bathroom households were the prevailing standard, Bath Co (previously Smail & Co) embarked on its journey as a family-run business. Over the decades, innovation has seen us adapt, and just like our customers' needs and wants, we'll continue to evolve.

When it comes to the manufacture and importation of bathroom products, we know our stuff. Our Bathroom Collection is made here in New Zealand, using the latest technology to produce pieces of flawless quality, finish and durability that'll look great and suit your lifestyle.

We create contemporary pieces that suit a wide range of personalities and budgets. Most of the ceramics and accessories that complement our collection are sourced from design houses - where leading design is matched by unrivaled standards of craftsmanship and quality.

Visit our Auckland and Christchurch showrooms to explore our full Bathroom Collection, or browse in-store at one of our trusted retailers nationwide.

Painted Finishes

Bath Co's flawless painted finish is the result of our advanced eco-friendly UV polyurethane coating process, with every Custom Colour panel receiving a minimum of three coats on the exterior, two internally, and five along the edges for exceptional durability. Our signature hard paint finish not only delivers a luxurious, resilient surface but is also backed by a five-year residential warranty and a one-year commercial warranty - crafted to stand the test of time.

*Bath Co cannot guarantee colour accuracy of Custom Colours or our finishes represented in catalogues, websites and other marketing material. For most accurate representation, view physical colour swatches at paint manufacturers and our signature finishes at Bath Co showrooms, or stockists. Some vanity ranges may stipulate a specific finish only. Black and metallic finishes incur an additional 25% charge.

Kordura Top Finishes

Our solid Kordura surface tops combine strength with a silky matte feel, offering exceptional durability that's resistant to water, heat, and stains. Non-porous and hygienic, Kordura is effortless to maintain and built for everyday living.
