

## TYPES OF BASINS

Bathroom sinks come in a multitude of sizes, colors, and shapes; however, have you ever considered the materials you can use as well?

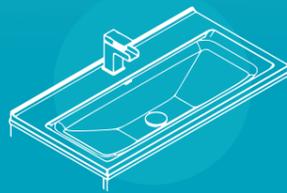

### Vitreous China

Vitreous china is an enamel coating that is applied to ceramics, after they've been fired. The coating makes it tougher and shinier.

#### Gloss Finish

##### ✓ Features

- Non-porous
- Very hygienic
- Stain & scratch resistant
- Easy to clean
